DRAWING CORRECTIONS

HONORABLE COMMISSIONER OF PATENTS
AND TRADEMARKS

Washington, D.C. 20231

Dear Draftsperson,

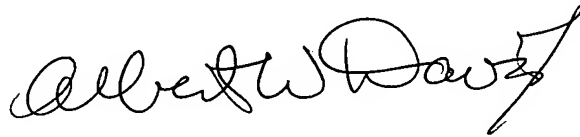

Please substitute the enclosed sheets of drawing of Figures 52,53 and 58-97 for those originally filed. It is believed that there is no new matter incorporated in the new, substitute sheets of drawing.

Since Figures 1-51 and 54-57, as originally filed herein, were printed in the previous patent (USPN 6,721,684), Applicant requests that they be again allowed to be printed in their present form. Applicant regrets that he now can not find the computer files for the drawings of Figures 1- 51 and 54-57 and requests Draftsperson's acceptance of the situation as was previously accepted.

Figures 52,53 and 58-97 have been reprinted to try and remove the problem of solid black shading in as much as possible. Again since Figures 52, 53 and 58-97, as filed with this letter, were printed in the previous patent (USPN 6,721,684).

Applicant requests that they again be allowed to be printed in their present form. The computer program that produces the drawings reprinted the figures in their original form rather than the copies of the originals that were originally filed with this application. Applicant requests Draftsperson's acceptance of the situation as was previously accepted. Thank you.

Respectfully submitted,

A handwritten signature in cursive script, reading "Albert W. Davis Jr.", with a large, stylized flourish at the end.
